Total Expenditures	\$247,433.31
--------------------------	--------------

We attach a condensed report with the following recommendations:

We recommend that the Selectmen be empowered to purchase such of the cut over wood lots on the water shed of the Gorham Water System as may from time to time be offered for sale, and that they be authorized to pay for the same from any unappropriated money in the treasury, or to hire the necessary funds on the notes of the town.

We recommend that the town purchase four electric traffic signals like the one which is now placed at the junction of Main and Glen streets; also the one-way signal at the junction of Park and Railroad streets.

We recommend that \$3,000.00 be raised and appropriated for completing the Upper Main Street sidewalk from the old

Malloy place to Hannaford's corner, and also building a sidewalk on Cottage street, the location of said sidewalks to be left to the selectmen, and the work to be done under their supervision.

We recommend that the expense of carting away the rubbish during a clean-up week be borne by the Highway department.

We recommend that \$10,000.00 be raised and appropriated for the Highway department. Of this amount, \$6,500.00 is the estimated cost of the regular maintenance of town roads, and the balance, \$3,500.00, should be expended approximately as outlined in our budget. As, however, it is impossible to tell the exact amount required for each of these projects, the highway agent should be allowed to use his discretion in the apportionment.

We recommend that \$4,000.00 be raised and appropriated for water and sewer installation on Union street, this installation to include a six-inch water main and a hydrant near the Leavitt house.

We have tried to keep the tax rate down and have recommended only those appropriations which seemed to the committee to be necessary and advisable at this time, several worthy projects being held over. If our recommendations are adopted, the rate will probably be about \$3.15 per hundred.

Trunk line maintenance	\$ 7,000.00
Highways and bridges	10,000.00
Regular maintenance	\$6,500.00
Permanent roads	500.00
Cascade streets	1,500.00
Heath district	500.00
Harriman Spring road	1,000.00

Auditors' Report

This is to certify that we have examined the accounts of the various departments of the Town of Gorham for the fiscal year ending January 31, 1926, and report as follows:

The receipts as shown by the books of the Selectmen and Town Treasurer were checked as to source and amount.

The disbursements of the Town were all covered by vouchers; all payments made by the Town were receipted by cancelled checks. The books of the Selectmen and Town Treasurer were found to agree. All funds received by the Town Treasurer were deposited in the White Mountain National Bank; all payments were made by checks signed by at least two of the Selectmen and countersigned by the Town Treasurer.

The accounts of the Water and Sewer Department were examined and found correct. The receipts of the Department were turned over to the Town Treasurer and the charges against the Department were paid by the Selectmen.

The accounts of the Highway Department were examined and found correct. All charges against the Department were paid by the Selectmen.

All payments for labor on the Water and Sewer System and on Highways were covered by payrolls signed by those who received the money.

The accounts of the Town Clerk were examined and found correct. All funds collected were turned over to the Town Treasurer and covered by proper receipts.

The accounts of the Agent of the Municipal Building were examined and found correct. All funds due the Town were turned over to the Town Treasurer and covered by proper receipts.

The Tax Collector's accounts of the amount committed for collection, the amount collected including interest and extra taxes, property taxes sold and abatements, were examined and found correct. All taxes collected were turned over to the Town Treasurer and covered by proper receipts.

The Tax Collector's accounts for the years 1921, 1922, 1923, and 1924 were examined and found correct.

The accounts of the Library Department were examined and found correct.

The accounts of the District Nursing Department were examined and found correct.

The accounts of the Trustees' of Trust Funds were examined and found correct.

A very few minor errors appeared in Selectmen's vouchers and checks; these errors were very small, but it shows that great care should be used in the examination of bills and payrolls, before voucher and check are executed.

We again recommend that all payrolls be made in triplicate; that one copy may be filed with the voucher, one copy with the department of issue, and the original receipted payroll with the Town Treasurer.

Gorham, N. H., February 16, 1926.

E. H. CADY,
J. O. GEORGE,
Auditors.
